WISH LIST

Most of the items listed below are needed on a regular basis. Some we may need only once. Financial contributions are also critical for the ongoing support of HOME's services to Salem's troubled and homeless teens.

We can use computers that have Pentium 4 or newer processors.

*Large, donated items such as computers (Pentium 3 or older)
or fax machines which are 5 years old or older tend to require more
maintenance than we can afford.*

We suggest calling Goodwill if you have those items to donate.

THANK YOU !!
